

Regulatory Deadlines per 2028 CAC Chapter 1 Article 1, Section 1.2.2:

- March 1, 2028:** Deadline to submit construction documents for NPC 6102, NPC 8, Demolition, and Removal of Acute Care Service projects
- March 1, 2028:** Deadline for permits to be obtained for NPC 6102, NPC 8, Demolition, and Removal of Acute Care Service projects
- January 1, 2029:** Deadline for all seismic compliance to be completed

¹⁰ "Not Approved" indicates that the submitted Compliance Plan has been reviewed and is not approved because the plan does not include a sufficiently detailed plan to resolve all areas of non-compliance and the compliance plan does not have 10 critical milestones. See the "Comments" column. The facility is reporting that it will complete the January 1, 2020 deadline. The Compliance Plan indicates that the facility will be non-compliant with the March 1, 2020 deadline. An amended Compliance Plan should be submitted to address and resolve these comments. The Office is available to discuss any comments with the facility and to provide support in resolving the outstanding issues. Please note that if the Office determines that the only remaining issue with the amended compliance plan is the noncompliance with March 1, 2020 deadline, the compliance plan may be considered "Approved with Non-Critical Milestones" which indicates that the submitted Compliance Plan has been reviewed and approved, but that the facility is reporting that it will be non-compliant with one or both NRC regulatory deadlines.
