Seismic Compliance Plan for 12363 Scripps Memorial Hospital - La Jolla

Status: Not Approved

"Not Approved" indicates that the submitted Compliance Plan has been reviewed and is not approved because, although the facility is reporting that it will be compliant with the January 1, 2030 deadline, the Compliance Plan indicates that the facility will be non-compliant with the March 1, 2026 deadline and March 1, 2028 deadline. Scripps Green Hospital reported that their facility will be closed by 2030 and the services will be relocated to Scripps Memorial Hospital La Jolla building(s). There is no other detail given how to relocate and which services are moving to which buildings in Scripps La Jolla campus. Please indicate which services are being received and what construction is needed to receive them. The plan does not include a sufficiently detailed path to resolve all areas of non-compliance and the facility is encouraged to work with OSHPD to address these concerns. Before additional building comments are received, the Compliance Plan shall be submitted to address and resolve these comments, the Office is available to discuss any comments with the facility and to provide support in resolving the outstanding issues.
