

This page is organized into several sections that explain how the hospital plans to achieve seismic compliance across its campus. Each section presents a different level of detail, from high-level timelines to building-specific information.

Seismic Compliance Plan for 14100 Hi-Desert Medical Center

Summary Schedule - Click to Hide

Summary Schedule

This section provides a visual timeline for each building on the hospital's campus, showing the reported plan for achieving seismic compliance. Milestones are represented by circles on the timeline—hover over a circle to see additional details. All milestones and dates are reported by the hospital. USAC-AI has verified that a milestone was met. It is marked as met.

Compliance Method:

This table lists each building on the hospital's campus and the method the hospital has reported it will use to achieve seismic compliance. Any comments or clarifications provided by HCA are included alongside the hospital's reported information.

Building Milestone Description Table - Click to Hide

Description of Milestones to achieve Seismic Compliance

This table shows detailed, building-level milestone information reported by the hospitals. Each building may have up to ten milestones that describe the steps the hospital plans to take—and the timelines for taking them—to achieve seismic compliance. Any HCRU comments on the reported milestones are included in the table.
