

This page is organized into several sections that explain how the hospital plans to achieve seismic compliance across its campus. Each section presents a different level of detail, from high-level timelines to building-specific

Regulatory Deadlines per 2028 CAC Chapter 6, Article 1, Section 1.3.2:

- March 1, 2028:** Deadline to submit construction documents for NPC 6102, NPC 9, Demolition, and Removal of Acute Care Service projects.
- March 1, 2028:** Deadline for permits to be obtained for NPC 6102, NPC 9, Demolition, and Removal of Acute Care Service projects.
- January 1, 2029:** Deadline for all seismic compliance www.comsolidated.com

"Not Approved" indicates that the submitted Compliance Plan has been reviewed and is not approved because the compliance plan does not have 10 critical milestones. See the following comments. The facility is reporting that it will be compliant with the January 1, 2030 deadline. The Compliance Plan indicates that the facility will be non-compliant with the March 1, 2026 deadline. An amended Compliance Plan shall be submitted to address and resolve these comments. The Office is available to discuss any comments with the facility and to assist the facility in preparing the necessary regulatory response. Please note that the CDE determines that the only regulatory issue with the amended compliance plan is non-compliance with March 1, 2026 deadline. The amended compliance plan may be determined "Approved with Non-Compliance Notes" which indicates that the submitted Compliance Plan has been reviewed and approved, but that the facility is reporting that it will be non-compliant with one or both of NPIC regulatory deadlines.
